

COMPLETE WIRE MANAGEMENT SOLUTIONS

ELECTRICAL CONTRACTORS

CABLE TIES

- Full selection of single coloured and multi-coloured cable ties in stock
- Type 21S cable ties in stock, suitable to support flexible metal conduits and cables in construction
- Many specialty cable ties also available including Nylon 6/6, Cold Weather, Metal Tooth, Stainless Steel, metal detectable and others

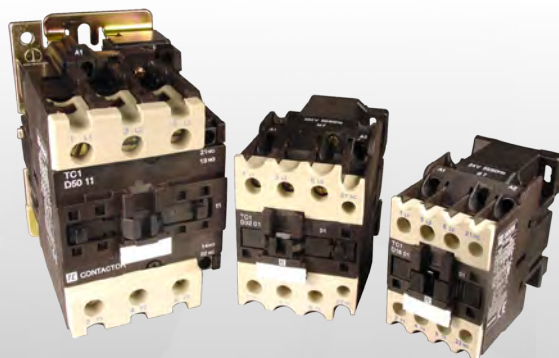

COMPRESSION & MECHANICAL LUGS

- Seamless, one-piece copper construction with tin plating assures maximum conductivity. Generous entrance chamfer provides easy cable insertion
- Installed with existing crimping tools. Part number and conductor size marked on every piece
- The entire Techspan family of Grounding Connectors includes split bolts, service posts, ground clamps and ground rod clamps.

CONTACTORS

- Suitable for a variety of applications including motor control, heating and ventilating, air conditioning, pumping, lifting equipment, lighting, and process power
- Perfect for rugged industrial applications, meeting the requirements of steel mills, cement mills, mines, rock quarries, furnaces, cranes, and hoists.

CORD GRIPS

- One of the largest and most diverse lines of cable connectors, cord grips and cable glands
- Stainless steel, nickel plated brass, aluminum, steel, and nylon cord grips in stock

HEAT SHRINK & TAPE

- Full selection of thin, medium and heavy wall heat shrink tubing made from a specially formulated, cross-linked polyolefin that is highly resistant to flame, highly flexible and has excellent chemical, physical and electrical properties.
- Electrical tape is Flame Retardant, Weather-Resistant & Lead Free and is CSA/UL approved to 600V

PIN & SLEEVE

- Provide safe and reliable portable electrical connections
- Manufactured using GE Valox material providing outstanding resistance to adverse environmental conditions and chemicals
- Fast installation with all mounting screws facing the same direction
- Available up to 125 amp and 600V

TECK CONNECTORS

- Unique one-piece compact design grounding seal for superior conductivity
- No disassembly required means easy & fast installation of Teck fittings
- Neoprene bushing provides superior pull-out & sealing protection
- Rated NEMA 4 and IP 65, these connectors are in-stock in 1/2" to 4" hub sizes in aluminum, nickel-plated aluminum and stainless steel
- Embedded Viton® o-ring for watertight & corrosion-resistant termination seal

TERMINALS & FERRULES

- Over 1,000 types of terminals in-stock from ring terminals to quick disconnects for all wire gauges
- Ferrules ensure the reliable termination of stranded wire, eliminating the risk of fraying and breaking which can lead to an unreliable connection

INDUSTRY CODE & SPECIFICATIONS

PAHs Reach **PLENUM RATING AH-2**

COMPLETE WIRE MANAGEMENT SOLUTIONS

- Cable Ties
- Compression & Mechanical Lugs
- Contactors
- Cord Grips
- Heat Shrink & Tape
- Pin & Sleeve
- Teck Connectors
- Terminals
