

PRODUCT BULLETIN

Anchor-Lock Cable Ties

Known as “Fir Tree” Cable Ties in the marketplace, these cable ties are expertly designed for easy insertion and secure mounting across a wide variety of materials, including metal, cast iron, plastic, and wood. Featuring an extended “Fir Tree”-shaped mount, these cable ties provide superior holding strength, while their UV, heat-stabilized construction ensures reliability in high-temperature environments, withstanding temperatures as high as 110°C (230°F). Additionally, the unique design grips firmly inside the hole for a secure fit in any application.

Panel thickness range: 0.031" to 0.551" (0.80 to 14.00mm)

Hole diameter range: 0.23" to 0.27" (5.97 to 7.00mm)

Fir Tree Length: 0.79" (20.24mm)
